The Notice of Meeting lists the items to be considered at the Meeting and the background information on the proposed resolutions is contained in the explanatory notes following the Notice of Meeting.

Agenda item 3 is a non-binding resolution that shareholders adopt the Remuneration Report that can be found on pages 34 to 47 of the Annual Report. I encourage you to read that.

VOTING EXCLUSION STATEMENT

Resolutions 3 and 5
The Company will disregard any votes cast (in any capacity) on items 3 and 5 by or on behalf of:

- a member of the key management personnel of the Company (KMP) as disclosed in the 2014 Remuneration Report; and
- a closely related party of those persons (such as close family member members and any companies the person controls)

unless the vote is cast as a proxy for a person who is entitled to vote, and:

- the vote is cast in accordance with the direction on the Voting/Proxy Form, or
- in the absence of a direction on the Voting/Proxy Form, the vote is cast by the Chairman of the Meeting.

In addition, in accordance with the ASX Listing Rules, the Company will disregard any votes cast on resolution 5 by Mr Helm (being the only director eligible to participate in the OzForex Group Long Term Incentive Plan) and any associated person of Mr Helm. However, OzForex will not disregard a vote cast by:

- a person as Proxy for a person who is entitled to vote, in accordance with the directions on the Proxy form; or
- the Chairman of the Meeting as Proxy for a person who is entitled to vote, in accordance with the directions on the Proxy form.

Appointing a Proxy
Shareholders who are unable to attend the AGM and do not choose to use Direct Voting, are entitled to appoint a proxy to act at the AGM on their behalf, and to vote in accordance with their instructions on the proxy form.

- A proxy need not be a shareholder of OzForex.
- To appoint a Proxy, mark ‘X’ in Method 2 on the Voting/Proxy Form. A proxy may be an individual or a body corporate. Subject to the voting exclusions set out above, if no voting instructions are given, the proxy may vote as they see fit.
- If a shareholder appoints a KMP (which includes each of the Directors) as proxy, the KMP will not be able to cast the shareholder’s votes on item 3 or item 5 unless the shareholder directs the KMP how to vote or the Chairman of the Meeting is the shareholder’s proxy. If a shareholder appoints the Chairman of the Meeting as their proxy or the Chairman of the Meeting is appointed as the shareholder’s proxy by default and the shareholder does not make a mark a voting box for item 3 or item 5, then by signing and returning the Voting/Proxy Form the shareholder will be expressly authorizing the Chairman of the Meeting to exercise the proxy in respect of the relevant item even though the item is connected with the remuneration of the KMP.
- The Chairman of the Meeting intends to vote all valid available and undirected proxies in favour of each item of business.
- If you are a shareholder entitled to cast two or more votes, you may appoint up to two proxies and specify the proportion of voting rights or the number of votes each proxy is appointed to exercise.

Sending us your Direct Vote or Proxy
- Completed Voting/Proxy Forms must be received by the Share Register, Computershare Investor Services Pty Limited, at GPO Box 242, Melbourne, VIC, 3001 or by fax to +61 3 9473 2555 by 7.00pm on Monday 4 August. A return envelope is provided.
- If you wish to submit your direct vote or your appointment of proxy and voting instructions electronically, visit the share registry website, www.computershare.com.au/. You will need your security holder Reference Number (SRN) or Holder Identification Number (HIN) which is shown on the Voting/Proxy Form.
- If your direct vote or appointment of a proxy is signed by an attorney, or in the case of direct vote or proxy submitted electronically, authenticated by an attorney, the power of attorney (or a certified copy of the power of attorney) must be received by the Share Registrar, Computershare at 60 Carrington Street, Sydney, NSW, 2000.

Determination of shareholders’ right to vote
The Board has determined that a person's entitlement to vote at the AGM will be the entitlement of that person set out in the register of shareholders as at 7pm on Monday 4 August 2014. Share transfers registered after that time will be disregarded in determining entitlements to vote at the AGM.
EXPLANATORY MEMORANDUM

Agenda item 1: Financial Report and Reports of the Director and Auditor
In accordance with the Corporations Act 2001, the Financial Report, Directors’ Report and Auditor’s Report for the year ended 31 March 2014 will be put before the AGM. These Reports are in OzForex’s 2014 Annual Report and can be accessed on our website at www.ozforex.com.au/investors.

This item does not require a formal resolution and accordingly, no vote will be held on this item. Shareholders will, however, be given a reasonable opportunity to ask questions on these Reports during discussion on this item.

Item 2: Appointment of Auditor
Pursuant to section 327A and 327B of the Corporations Act 2001, the directors of a public company can only appoint an auditor of the company for the period until the company’s first annual general meeting. In accordance with 327A and 327B the resolution proposes that PricewaterhouseCoopers be appointed as the Auditor of OzForex from the date of the Annual General Meeting. As required by section 328A, PricewaterhouseCoopers have consented to act as Auditor of the Company.

In accordance with section 328B of the Corporations Act 2001, notice in writing nominating PricewaterhouseCoopers has been given to the Company by a shareholder. A copy of this notice is attached to this Notice of Meeting.

Item 3: Remuneration Report

The Directors trust that the Remuneration Report assists in your understanding of the remuneration structure and objectives that exist at OzForex.

Under the Corporations Act 2001, the vote on this Resolution is advisory only and does not bind the Board or OzForex. However the Board and Remuneration and Nomination Committee will take the outcome of the vote into account when considering future remuneration policy for non-executive Directors and Executives.

Shareholders should note that if 25% or more of votes cast on this resolution are against adoption of the Remuneration Report, the first element in the Board spill provisions introduced in 2011 (known generally as the ‘two strikes rule’) will be triggered. This would require a resolution on whether to hold a further meeting to spill the Board (a ‘spill resolution’) to be put to shareholders at the 2015 Annual General Meeting if a ‘second strike’ was to occur at the 2015 Annual General Meeting.

A voting exclusion applies to this resolution, as set out in the Notice of Meeting.

The Board unanimously recommends that shareholders vote in favour of the adoption of the Remuneration Report.

The Chairman of the AGM intends to vote all available and undirected proxies in favour of this resolution.

The Board unanimously recommends that shareholders vote in favour of the election of each of these Directors.
Item 5: Grant of Equity to Managing Director and CEO

Shareholders are asked to vote on whether the Managing Director and CEO, Mr Neil Helm, should receive equity securities as part of his remuneration.

ASX Listing Rule 10.14 requires shareholder approval for the issue of securities to a Director under an employee incentive scheme.

Managing Director and CEO’s remuneration package

As set out in the Remuneration Report, Mr Helm’s remuneration comprises three components:

<table>
<thead>
<tr>

<th>2014 package – $</th>
</tr>
</thead>
<tbody>
<tr>
<td>Total fixed remuneration</td>
<td>40% 470,000</td>

Long Term Incentive Plan

The approval sought is to grant Mr Helm performance rights under the OzForex Group Long Term Incentive Plan (LTI Plan) in relation to his long-term incentive (LTI) arrangements. Performance rights entitle Mr Helm to receive shares, subject to the satisfaction of performance conditions.

The standard LTI Plan was established to assist in the attraction, motivation and retention of certain senior employees and aims to focus the efforts of participants on delivering long-term shareholder growth. Participants in the LTI Plan include Mr Helm and other eligible employees (including executives, officers and other permanent employees). No other Directors are entitled to participate in the LTI Plan. The standard allocation will generally take place in June of each year.

In addition, the Board has resolved to make a special ‘one-off’ allocation of performance rights to Executives and other key employees as an additional retention tool. OzForex is a high growth online business which operates in a competitive talent market. Shareholder feedback suggested that to help retain senior management talent, a further equity allocation should be considered so that the total equity participation remains at a competitive level. The Board has taken this decision following shareholder feedback and follows the expiration of pre-existing retention tools in October 2014 as outlined in the IPO Prospectus and Remuneration Report.

Therefore, this year the standard and special allocation of performance rights will take place in October 2014. The total number of performance rights to be allocated to the KMP (and other key employees) at this time will comprise a maximum of 4,000,000, of which 3,794,898 will comprise this special allocation. The number of performance rights to be allocated in October is equivalent to approximately 1.67% of the issued capital and will take the number of unvested performance rights to 1.89% of the issued capital.

The proposed allocation to the CEO of 625,000 performance rights comprises:

- the standard allocation of performance rights for the 2014 financial year under the LTI plan, comprising 30% of total remuneration reward, being 64,509 rights (subject to the calculated value of the performance right in October 2014) for the part-year from 11 October 2013 to 31 March 2014, and
- a special allocation of performance rights as an additional retention tool, being 560,491 performance rights (subject to the calculated value of the performance rights in October 2014).

Number of performance rights to be granted to Mr Helm

The Board has determined to allocate 625,000 performance rights to Mr Helm. The performance rights will be allocated at no cost to Mr Helm and no amount will be payable by Mr Helm on vesting of the performance rights.
Performance conditions
Following testing of the performance conditions at the end of the performance periods (described below), if the performance conditions are satisfied Mr Helm's performance rights automatically vest and OzForex will issue or procure the transfer to Mr Helm of one OzForex share for each performance right which vests, for no further consideration.

The vesting of the performance rights will be tested against the performance condition set for each performance period. There will be no retesting of the performance conditions. The Board has determined that the performance condition to apply to the proposed grant of performance rights to Mr Helm is an Earnings Before Taxes, Depreciation and Amortisation compound annual growth rate (CAGR) on a constant currency basis as set out below.

The vesting dates and relevant performance conditions are as follows:
33% to vest on 7 June 2016
33% to vest on 7 June 2017
34% to vest on 7 June 2018

There may be vesting of some or all of the performance rights depending on the performance outcome during the period as shown in the table below.

<table>
<thead>
<tr>
<th>Performance measurement period</th>
<th>100% vesting</th>
<th>Pro-rata vesting from 25% to 100%</th>
<th>0% vesting</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 October 2014 – 31 March 2016</td>
<td>Greater than or equal to CAGR 25%</td>
<td>Between 20 and 25% CAGR</td>
<td>Below 20% CAGR</td>
</tr>
<tr>
<td>1 October 2014 – 31 March 2017</td>
<td>Greater than or equal to CAGR 23%</td>
<td>Between 18 and 23% CAGR</td>
<td>Below 18% CAGR</td>
</tr>
<tr>
<td>1 October 2014 – 31 March 2018</td>
<td>Greater than or equal to CAGR 21%</td>
<td>Between 16% and 21% CAGR</td>
<td>Below 16% CAGR</td>
</tr>
</tbody>
</table>

The Board considered a range of performance hurdles including EPS, NPAT, ROCE and TSR. Due to the global nature of the business, the multiple tax jurisdictions in which the business operates and that the acquisition strategy may cause the capital structure to change, it was determined that CAGR on EBITDA was the most appropriate performance metric for the underlying business.

The Board reserves the right to amend the terms of the performance rights, including the performance conditions if they become inappropriate as a result of a capital raising or change in capital structure due to corporate activity.

Rights attaching to performance rights
Performance rights carry no voting or dividend rights.

The LTIP Plan contains provisions in relation to the adjustment of performance rights in certain circumstances, including in the event of a capital reorganization (such as a subdivision or consolidation), a capital return or a bonus issue of shares to shareholders.

Performance rights may only be transferred with the prior consent of the Board or by force of law upon death or bankruptcy.

Change of control
The Board has discretion to allow all or part of unvested performance rights to vest on a change of control of OzForex (eg. a takeover, merger, compromise or arrangement).

Treatment of performance rights if Mr Helm leaves OzForex
If Mr Helm ceases employment prior to the performance conditions being met, generally unvested performance rights will not lapse and the performance conditions will continue to apply and be tested at the end of the performance period.

However, under the LTIP Plan, the Board has a discretion to determine that all or part of unvested performance rights will vest or lapse as a result of Mr Helm ceasing employment. In determining whether a different treatment should apply to that set out above on cessation of Mr Helm's employment, the Board will have regard to factors including, but not limited to, Mr Helm's performance and the proportion of the performance period that has expired at the time of cessation of employment.

The value of any termination benefits that may be given to Mr Helm by reason of the exercise of the Board's discretion that his unvested performance rights will vest (and not lapse) cannot be determined in advance. This is because the value at the date of cessation of employment will depend upon:
(a) the date when, and the circumstances in which, Mr Helm ceases employment;
(b) OzForex's share price at the date of vesting; and
(c) the number of unvested performance rights held by Mr Helm at the time of cessation.

Shares allocated on vesting of performance rights
Shares allocated to Mr Helm upon vesting of the performance rights will rank equally with other OzForex ordinary shares on issue.
Prohibition of hedging arrangements
Consistent with the requirements under the Corporations Act 2001 under OzForex’s Securities Trading Policy, Directors and restricted employees must not use, or allow to be used, derivatives or other products which operate to limit the economic risk of unvested performance rights.

Disclosure for the purposes of Listing Rule 10.15
The following information sets out the disclosures required for the purposes of ASX Listing Rule 10.15:
(a) the maximum number of performance rights that can be granted to Mr Helm under this approval is 625,000;
(b) the price payable on the grant or vesting of each performance right is nil;
(c) Mr Helm was granted 176,250 performance rights on 11 October 2013. The acquisition price for the grant of these performance rights was nil. These performance rights were granted pursuant to a waiver of ASX Listing Rule 10.14. No prior shareholder approvals have been obtained under ASX Listing Rule 10.14;
(d) Mr Helm is the only person referred to in Listing Rule 10.14 entitled to participate in the LTI Plan;
(e) there is no loan proposed in relation to the proposed grant of performance rights to Mr Helm; and
(f) performance rights are intended to be granted to Mr Helm around October 2014 and in any event will not be granted later than 12 months after the date of the 2014 AGM.

A voting exclusion applies to this Resolution, as set out in the Notice of Meeting.
The Board recommends that the shareholders support the resolution.
The Chairman of the Meeting intends to vote all available and undirected proxies in favour of this resolution.
