To ensure that as many shareholders as possible have the opportunity to speak, shareholders are requested to observe the following requests:

- all shareholder questions should be stated clearly and should be relevant to the business of the AGM, including matters arising from the Financial Report, the Directors' Report (including the Remuneration Report) and the Auditor's Report, and general questions about the performance, business or management of OFX;
- if a shareholder has more than one question on an item of business, all questions should be asked together; and
- shareholders should not ask questions at the AGM relating to any matters that are personal to the shareholder or commercial in confidence.

Shareholders who prefer to register questions in advance of the AGM may do so either online at the Link Investor Centre or using the Question Form.

Written questions must be received by Link Market Services Limited by 5:00pm (AEST) on Thursday 25 July 2024, and can be submitted in accordance with the details set out below.

Shareholders and proxyholders can participate in the AGM via an online webinar by registering online at www.ofx.com/en-au/investors/agm.

To participate you will need a desktop or mobile/tablet device with internet access and you will need to register for the webinar before the AGM commences. When you register for the webinar, you will need to provide your details (including Security Holder Reference Number (**SRN**), Holder Identification Number (**HIN**) or proxy code to be verified as a shareholder or proxyholder). Following this you will be emailed an invitation with your own unique link to join the AGM webinar.

More information about how to register and participate in the AGM online (including how to ask questions and vote online during the AGM) are available in the Online Guide, which is available at www.ofx.com/en-au/investors/agm.

If you intend to join the webinar, including if you intend to vote online during the AGM, we recommend that you test to see that the online webinar works on your device before the AGM commencement at 2:00pm on 1 August 2024.

In addition to the above, shareholders can also watch an archived recording of the webinar after the meeting at www.ofx.com/en-au/investors/reports-presentations.

Voting information

Entitlement to vote

Pursuant to Regulation 7.11.37 of the *Corporations Regulations 2001* (Cth), the Directors have determined that for the purpose of the AGM (including voting at the AGM), 'shareholders' are those persons who are the registered holders of OFX shares at 7:00pm (AEST) on Tuesday 30 July 2024. Share transfers registered after that time will be disregarded in determining entitlements to vote at the AGM.

Shareholders may vote on all items of business, subject to the voting restrictions described in this Notice of Meeting.

Voting by poll

Each resolution considered at the AGM will be conducted by a poll. The Directors consider voting by poll to be in the interests of the shareholders as a whole and ensures the views of as many shareholders as possible are represented at the AGM.

Direct voting

In accordance with clause 37(b) the Company's Constitution, the Directors:

- have determined that at the AGM, a shareholder who is entitled to vote on a resolution at the AGM is entitled to a direct vote in respect of that resolution; and
- have approved the use of either:
 - the direct Voting/Proxy Form enclosed with this Notice of Meeting or in the Link Investor Centre for direct voting prior to the AGM; or
 - shareholders or proxyholders can deliver their direct vote in real time during the AGM by voting via the online webinar or submission of a voting card at the meeting.

Direct voting prior to the AGM

If a shareholder is unable to participate in the AGM, they are entitled to vote their shares directly by marking section A 'Vote Directly' on the Voting/Proxy Form that accompanies this Notice of Meeting or in the Link Investor Centre. They will not need to appoint a proxy to act on their behalf.

The shareholder should mark either the 'for' or 'against' boxes next to each item on the Voting/Proxy Form. The 'abstain' box should not be marked – if a shareholder does mark the abstain box, then the vote for that item will be invalid.

If a shareholder does not give a direction on all of the items, or if they complete both section A 'Vote Directly' and section B 'Appoint a Proxy', their vote will be passed to the Chair of the AGM as their proxy.

In accordance with clause 37(b) of the Company's Constitution, the Directors have resolved that shareholders will be able to vote directly prior to the AGM on resolutions to be considered at the AGM at any time between the date of this Notice of Meeting and 2:00pm (AEST) on Tuesday 30 July 2024.

Direct voting during the AGM

Online

Shareholders who provided their SRN/HIN when registering for the webinar will be able to vote directly in the online webinar at any time between the start of the AGM at 2:00pm (AEST) and the closure of voting as announced by the Chair during the AGM on Thursday 1 August 2024.

In person

Those shareholders who choose to attend the meeting in person will be able to submit their voting cards.

Appointing a Proxy

Shareholders who are unable to attend the AGM and do not choose to vote prior to the AGM are entitled to appoint a proxy to attend the AGM on their behalf, and to vote in accordance with their instructions on the Voting/Proxy Form.

To appoint a proxy, mark section B 'Appoint a Proxy' on the Voting/Proxy Form to appoint the Chair as proxy or insert the name of an alternate proxy in the space provided.

A proxy need not be a shareholder of the Company and may be an individual or a body corporate. If a body corporate is appointed as proxy, it must appoint an individual as its corporate representative in accordance with section 250D of the *Corporations Act 2001* (Cth) to exercise its power as proxy at the AGM. Evidence of this appointment must be provided to the Company prior to the commencement of the AGM.

Subject to the voting exclusions set out above, if no voting instructions are given, the proxy may vote as they see fit.

The Chair intends to vote all available and undirected proxies in favour of each item of business.

If a shareholder appoints a KMP (which includes each of the Directors) as proxy, the KMP will not be able to cast the shareholder's votes on Items 5, 6 and 7 unless the shareholder directs the KMP how to vote or the Chair is the shareholder's proxy. If a shareholder appoints the Chair as their proxy, or the Chair is appointed as the shareholder's proxy by default, and the shareholder does not mark a voting box for Items 5, 6 and 7, then by signing and returning the Voting/Proxy Form the shareholder will be expressly authorising the Chair to exercise the proxy in respect of the relevant item even though the item is connected directly or indirectly with the remuneration of KMP.

If you are a shareholder entitled to cast two or more votes, you may appoint up to two proxies and specify the proportion of voting rights or the number of votes each proxy is appointed to exercise. If a shareholder appoints two proxies but does not specify the proportion of the number of votes each proxy may exercise, each proxy may exercise half of that shareholder's votes.

How to appoint a proxy

For an appointment of a proxy to be effective, the Voting/Proxy Form with section B 'Appoint a Proxy' marked to indicate your appointment of a proxy and, if applicable, the power of attorney or other authority under which the Voting/Proxy Form is signed (or a certified copy of the power or other authority) must be received at the Share Registry of the Company no later than 2:00pm (AEST) on Tuesday 30 July 2024 (48 hours before AGM).

If your Voting/Proxy Form is signed by an attorney, or in the case of a Voting/Proxy Form submitted electronically, authenticated by an attorney, the power of attorney (or a certified copy of the power of attorney) must be received by the Share Registrar.

Appointing a corporate representative

A body corporate that is a shareholder, or that has been appointed as a proxy, must appoint an individual to act as its representative at the AGM. The appointment must comply with the requirements of section 250D of the *Corporations Act 2001* (Cth).

The representative should register on behalf of a body corporate and must provide evidence of their appointment to the Share Registry of the Company prior to the commencement of the AGM.

If the appointment of a corporate representative is signed by an attorney, or in the case of an appointment submitted electronically, authenticated by an attorney, the power of attorney (or a certified copy of the power of attorney) must be received by the Share Registrar.

Important note

A representative will not be permitted to ask questions or to vote at the AGM if evidence of their appointment as a corporate representative has not been provided prior to the AGM.

How to submit a Voting/Proxy or evidence of appointment of corporate representative

Voting/Proxy Forms (and, if applicable, a power of attorney or other authority) and evidence of appointment of a corporate representative may be lodged by one of the following methods:

Online

If you wish to submit your appointment of proxy and voting instructions or your appointment of a corporate representative electronically, visit the Link Investor Centre at www.linkmarketservices.com.au.

In accordance with section 250R(2) of the *Corporations Act 2001* (Cth), the Board is presenting the Company's Remuneration Report to shareholders for consideration and adoption by a non-binding vote.

The Remuneration Report was published on 21 May 2024 in the Company's 2024 Annual Report and has also been available on the Company's website since that date, www.ofx.com/en-au/investors/reports-presentations

Item 6. Issue of Performance Rights to Mr John Alexander ('Skander') Malcolm under the OFX Group Limited Global Equity Plan in respect of FY24 Short-Term Incentives

The Company is seeking approval under ASX Listing Rule 10.14 for the grant of performance rights to Mr Malcolm pursuant to Mr Malcolm's achievement under the Company's Short-Term Incentive (**STI**) Plan for the 2024 financial year. These performance rights will be issued under the Global Equity Plan.

Why approval is required

ASX Listing Rule 10.14 requires a listed entity to obtain shareholder approval for the acquisition of securities under an employee incentive scheme by specified persons, including a Director of the Company.

If shareholder approval is obtained under Listing Rule 10.14, 174,113 performance rights (i.e. the maximum amount that could vest) may be issued to Mr Malcolm under the Global Equity Plan. Approval of this resolution will also result in the grant of these performance rights falling within exception 14 in ASX Listing Rule 7.2. If approval is given, these performance rights will not count towards the Company's capacity to issue equity securities under ASX Listing Rule 7.1.

This proposal for the grant of performance rights is consistent with the Company's remuneration framework and Mr Malcolm's remuneration structure since his appointment as CEO and Managing Director and as previously disclosed to shareholders.

If shareholder approval is not provided, the Directors will exercise their discretion pursuant to the terms of the Global Equity Plan which, subject to the vesting conditions described below, may

> Explanatory Memorandum

include the Company acquiring shares on-market to be transferred to Mr Malcolm at the end of the one and two year vesting periods (as permitted by the Exception to Listing Rule 10.14 in Listing Rule 10.16(a)) and/or the payment of cash.

Current remuneration framework

Mr Malcolm is a Director of the Company and, therefore, any acquisition by Mr Malcolm of securities under an employee incentive scheme is covered by Listing Rule 10.14.1.

Mr Malcolm's remuneration consists of:

- Fixed remuneration for FY24: \$744,372 inclusive of statutory superannuation;
- **Short-Term Incentives:** Target is 115% of total fixed remuneration – 50% of which is cash and 50% of which is deferred remuneration. The deferred remuneration is delivered in performance rights 50% of which vest after 1 year and 50% of which vest after 2 years. For FY24 short term incentives, Mr Malcolm will be granted 174,113 performance rights. The grant of these performance rights was subject to achievement of performance conditions by both the Company and Mr Malcolm personally. The performance rights to be granted to Mr Malcolm for FY24 short-term incentives, including the key terms and issue price of these performance rights are described under the heading 'Proposed FY24 STI grant to Mr Malcolm' below and on page 19; and
- **Long-Term Incentives:** Target is 115% of total fixed remuneration all of which is deferred remuneration and delivered in performance rights which vest after 3 years subject to achieving performance metrics. For FY25 long term incentives, Mr Malcolm will be granted 658,954 performance rights. The performance rights to be granted to Mr Malcolm for FY25 long-term incentives, including the key terms and issue price of these performance rights are described in Item 7 below under the heading 'Proposed FY25 LTI Grant to Mr Malcolm' on page 19.

FY24 STI grant

The Company's STI plan for FY24 was the same as for FY23. From FY19 the STI Plan features a Company multiplication factor, driven by Company performance metrics to be reviewed and reset annually with Threshold/Target/Stretch levels for each metric (Company Performance Metrics).

FY24 Company Performance Metrics were set at:

- Underlying NOI (30%);
- Underlying EBT (30%);
- Strategic Investments (20%); and
- ESG (20%).

All employees, including Mr Malcolm, also have individual performance measures to be equally weighted.

For certain employees, including Mr Malcolm, there is a component of the total STI award that is deferred. The purpose of the STI deferral and grant of performance rights is to drive further alignment between employee and shareholder interests, and to provide a clear focus on long-term sustainable growth.

Deferred STI is granted in the form of performance rights issued under the Global Equity Plan.

Proposed FY24 STI Grant to Mr Malcolm

For the 2024 financial year Mr Malcolm's STI target was 115% of his TFR and his STI achievement, as assessed by the Board was 82%. This was calculated based on a 82% funding from the Company Performance Metrics and an individual performance of "Meets Expectations" measured against his individual KPIs.

Mr Malcolm's STI payment is settled 50% cash and the remaining 50%, subject to shareholder approval, deferred equity to be delivered in performance rights with 50% vesting one year after issue and the other 50% vesting two years after issue.

> Explanatory Memorandum

Mr Malcolm's STI equity grant for FY24 is \$350,971 equating to a maximum of 174,113 performance rights, each with a value of \$2.01577 determined by the Company using the method described under Issue Price in the table below.

Details of the STI equity grant for FY24:

Number of Performance Rights	Maximum of 174,113 performance rights determined by dividing the dollar value of Mr Malcolm's deferred equity grant by the fair value of a performance right.
Issue Price	The performance rights will be issued using the volume weighted average price of the ordinary shares of the Company during the ten trading days from 21 May 2024 to 3 June 2024, being \$2.01577 ¹ .
Value	The value the Company attributes to each performance right is \$2.01577 being the Issue Price.
Consideration	The performance rights will be issued for nil consideration. There is no loan repayable by Mr Malcolm in respect of these performance rights.
Date of issue	If shareholder approval is obtained, the performance rights are expected to be issued to Mr Malcolm as soon as practicable after the AGM and, in any event, no later than 12 months after the AGM. If approved, performance rights will be issued using an effective grant date of 2 August 2024.
Vesting	The performance rights will vest for nil consideration on 15 June 2025 and 15 June 2026, at which time one performance right will convert to one fully paid ordinary share. In accordance with the terms of the Global Equity Plan, the performance rights will not confer any legal or equitable interest in shares represented by the performance rights until the vesting date. The Board may determine that a vested performance right will be satisfied by the Company making a cash payment to Mr Malcolm in lieu of allocating shares.
Trading restrictions	The shares granted to Mr Malcolm upon vesting of the performance rights will not be subject to a holding lock.
Dividends	Mr Malcolm has no right to receive dividends or distributions in respect of unvested performance rights.
Adjusted Events	The Board has discretion to determine that the Performance Rights will lapse or be deemed forfeited, the Vesting Conditions or Vesting Dates are varied or that Mr Malcolm will be required to transfer shares acquired upon vesting in the circumstances set out in the 'Other considerations' section below.
Additional information	Details of the shares issued to Mr Malcolm under the STI Plan will be published in the Company's annual report for FY24, along with a statement that approval for the issue of those shares was obtained under ASX Listing Rule 10.14. Mr Malcolm is the only Director currently entitled to participate in the STI Plan. If any additional person(s) covered by ASX Listing Rule 10.14 who are not named in the Notice of Meeting become entitled to participate in the STI Plan after this resolution 5 is approved at the AGM, and who were not named in the Notice of Meeting, they will not participate until shareholder approval is obtained under that rule.

Issues of securities under the OFX Global Equity Plan

Since the Global Equity Plan was first approved by shareholders at the 2018 AGM a total of 1,071,076 performance rights have been issued to Mr Malcolm under the Global Equity Plan pursuant to the STI Plan for nil consideration.

In addition, Mr Malcolm was issued:

- 80,398 ordinary shares under the Global Equity Plan as a retention grant for nil consideration in accordance with the approval granted at the 2020 AGM; and
- 1,701,881 performance rights under the Global Equity Plan for nil consideration in respect of LTI in accordance with the approvals granted at the 2023, 2022 and 2021 AGMs.

It is also proposed that Mr Malcolm will be issued 658,954 performance rights under the Global Equity Plan in respect of FY25 LTI on the terms set out in Item 7 below.

No other securities have been issued to Directors or their associates under the Global Equity Plan since it was approved at the 2018 AGM.

The Company's Non-Executive Directors receive fixed fees and are not eligible to participate in any incentive scheme. As Managing Director and Chief Executive Officer, Mr Malcolm is the only Director entitled to participate in the Global Equity Plan.

Other considerations

The Board's view is that this award is appropriate to reflect the Company's performance in FY24 under Mr Malcolm's guidance. The grant of performance rights will encourage a focus on the future success of the business and is aligned with the long-term interests of shareholders.

Performance rights do not provide Mr Malcolm with the full benefit of share ownership (such as dividend and voting rights) unless the performance rights vest.

If Mr Malcolm ceases to be an employee all vested and unvested performance rights will be retained by him unless the Board exercises its discretion to determine that those performance rights will lapse or be forfeited.

Where in the opinion of the Board, Mr Malcolm acts fraudulently or dishonestly, or is in material breach of his obligations to OFX and/or its subsidiaries, any unvested Plan Interests, vested but unexercised Options or Rights and/or any Restricted Shares will lapse or are deemed forfeited (as applicable) immediately, unless the Board determines otherwise.

The Board has discretion to determine that one or more of the following will apply with respect to Mr Malcolm's grant:

- some or all of the performance rights will lapse or deemed forfeited;
- the Vesting Conditions will be varied;
- the Performance Period will be varied; or
- Mr Malcolm will be required to transfer some or all of the shares acquired by him (or some or all of the cash if the performance rights are settled in cash) upon vesting of the performance rights for no consideration, or pay an amount equal to the market value of those shares on the date of acquisition or disposal,

as the Board deems necessary to:

- protect the financial soundness of the Company;
- respond to material examples of his misconduct, risk events or failure to take accountability;
- reflect financial or non-financial risk-taking behaviour or non-compliance with legislation or the Company's Risk Management Framework; or
- respond to significant unexpected or unintended consequences that were not foreseen on the date of the grant or any Vesting Date.

> Explanatory Memorandum

If there is a Control Event, the Board may in its discretion convert all or any of the Rights to Shares or permit the exercise of some or all Rights or Options, whether or not Vesting Conditions have been satisfied. Further, the Board may remove any Disposal Restrictions, whether or not all requirements have been satisfied.

Board recommendation

The Board (other than Mr Malcolm) considers that the proposed issue of performance rights under the Global Equity Plan to Mr Malcolm in respect of FY24 STI is appropriate and is in the best interests of the Company and its shareholders, as the issue of performance rights strengthens the alignment of Mr Malcolm's interests with shareholders, and the performance rights provide a strong link between the reward for Mr Malcolm's performance and Company performance.

Mr Malcolm makes no recommendation on how to vote on Item 6 in light of his direct interest in Item 6.

A voting exclusion applies to this resolution and is set out in the Notice of Meeting.

The Board (Mr Malcolm abstaining) recommends that shareholders vote in favour of this resolution.

The Chair of the AGM intends to vote all available and undirected proxies in favour of this resolution.

Item 7. Issue of Performance Rights to Mr John Alexander ('Skander') Malcolm under the OFX Group Limited Global Equity Plan in respect of FY25 Long-Term Incentives

The Company is seeking shareholder approval under ASX Listing Rule 10.14 of the *Corporations Act 2001* (Cth) for the proposed issue of performance rights to Mr Malcolm under the Global Equity Plan in respect of Mr Malcolm's FY25 Long-Term Incentive (**FY25 LTI**).

Why approval is required

ASX Listing Rule 10.14 requires a listed entity to obtain shareholder approval for the acquisition of securities under an employee incentive scheme by specified persons, including a Director of the Company.

If shareholder approval is obtained under Listing Rule 10.14, up to 658,954 performance rights (i.e. the maximum amount that could vest) may be issued to Mr Malcolm under the Global Equity Plan. Approval of this resolution will also result in the grant of these performance rights falling within exception 14 in ASX Listing Rule 7.2. If approval is given, these performance rights will not count towards the Company's capacity to issue equity securities under ASX Listing Rule 7.1.

If shareholder approval is not provided, the Directors may exercise their discretion pursuant to the terms of the Global Equity Plan which, subject to the vesting conditions described below, may include the Company acquiring shares on-market to be transferred to Mr Malcolm at the end of the three year vesting period (as permitted by the Exception to Listing Rule 10.14 in Listing Rule 10.16(a)) and/or the payment of cash.

Current remuneration framework

Mr Malcolm is a Director of the Company and, therefore, any acquisition by Mr Malcolm of securities under an employee incentive scheme is covered by Listing Rule 10.14.1.

Mr Malcolm's current remuneration is described in Item 6 above under the heading 'Current Remuneration Framework'.

Issue Price	The performance rights will be issued using the fair market value of the performance rights calculated as the volume weighted average price of the ordinary shares of the Company during the ten trading days following 21 May 2024 (being the date on which the FY24 results were announced), being \$2.01577 ² .
Value	The value the Company attributes to each performance right is \$2.01577 being the Issue Price.
Consideration	The performance rights will be issued for nil consideration. There is no loan repayable by Mr Malcolm in respect of these performance rights.

If approved, performance rights will be issued using an effective grant date of 15 June 2024.
Vesting	The performance rights will vest for nil consideration when the Board determines that the vesting conditions have been satisfied, at which time one performance right will convert to one fully paid ordinary share. This is expected to be on/around 15 June 2027. In accordance with the terms of the Global Equity Plan, the performance rights will not confer any legal or equitable interest in shares represented by the performance rights until the vesting date. The Board may determine that a vested performance right will be satisfied by the Company making a cash payment to Mr Malcolm in lieu of allocating shares.
